

**Professional Firefighters Association
of New Jersey**
International Association of Fire Fighters AFL-CIO-CLC

Dominick Marino
President

September 20, 2016

Honorable Frank A. LoBiondo
U.S. House of Representatives
2427 Rayburn HOB
Washington, DC 20515-3002

Dear Congressman LoBiondo:

With this communication, please find and accept an endorsement by the **Professional Firefighters Association of New Jersey, AFL-CIO**, toward your re-election to the United States House of Representatives in Congressional District #2 on November 8, 2016.

The PFANJ is the statewide organization representing professional firefighters, emergency medical and allied support services personnel affiliated with the 300,000 member International Association of Fire Fighters, with more than 4,000 active and retired members in this Great State.

Just as we keep our members informed of legislative efforts and activities in support of firefighters and their families, we make every effort to make sure they support those who support public safety and the professionals who provide it.

These are difficult and trying times in America. The middle class, the very individuals who made this country what it is and who continue to make this country great, are being admonished and villainized. Your support of our issues and your hard work for your constituents is what sets you apart from other legislators. It is because of your record of accomplishment that we support your continued service to the State of New Jersey and the nation.

On behalf of our Executive Board and General Membership, we extend our appreciation for your support of professional firefighters and their families and wish you every success in the upcoming election. A copy of our endorsement appears on our website at PFANJ.org.

Sincerely,

Dominick Marino
President
